

Career Objective

Enthusiastic and goal-oriented software developer with a strong interest in solving real-world problems through technology. Skilled in Java and Python, with a keen ability to grasp new tools and frameworks quickly. Recognized for being reliable, trustworthy, and adaptable in fast-paced environments. Demonstrates strong analytical thinking and effective decision-making under pressure. Committed to continuous learning and professional growth. Aiming to contribute positively to team goals through dedication, innovation, and a results-driven approach.

Education

C M S College of Engineering and Technology, Coimbatore	2022-2026
Artificial Intelligence and Data Science	B.Tech
8.55 CGPA	
Narayana Junior College	2020-2022
Maths Physics Chemistry	Intermediate
85%	
Zilla Parishad High School Majeru	2019-2020
95%	SSC

Technical Skills

Java
Python
Microsoft Tools

Area of Interest

Artificial Intelligence
Data Science
Machine Learning

Projects

Text Speech Reader	August 2024
Duration – 28 Days	
Developed a web application that converts user-input English sentences into spoken audio with different countryspecific English accents (e.g., American, British, Australian, Indian, etc.). The system uses text-to-speech (TTS) technology integrated with various voice profiles to simulate native-like pronunciation for each accent. The project demonstrates how language models and TTS APIs can be used to enhance communication, training, or educational tools.	

Internship

SPYPRO SECURITY SOLUTIONS	August 2024
Duration – 28 Days	
Completed a web development internship with hands-on experience in building responsive and interactive websites using HTML, CSS, JavaScript, and basic PHP/MySQL. Contributed to front-end development and supported the integration of dynamic features into live projects. Strengthened understanding of full-stack development through practical application and collaboration with the development team. Gained exposure to version control systems, project workflows, and professional coding standards in a real-world environment.	

Certifications

Infosys Foundation

Data Analytics using Power BI

August 2025

IBM Skills Build

UI & UX Design

September 2024

MongoDB

Introduction to MongoDB

April 2024

New Technology Mobile, Laptop service & Training Institute

Hand on Experience on Mobile Service and Laptop Service.

July 2023
